Lab-Pack or Student-Pack?

Two license options are provided to Postsecondary schools. Choose the one that is best for you!

LAB-PACK

This option is for colleges/universities that wish to own the software license and continue to reuse it with different students on campus. Under this option, there is no cost for students to use the software because students do not own the software license. Software is on CD-ROM.

Example: Cost of a license for Small Business for 1 Instructor and 9 Student Seats would be: \$129 + 9 additional Seats at \$129 = \$129 + \$1,161 = \$1,290.

STUDENT-PACK

This option is for colleges/universities that do not wish to own the software license and instead prefer that students purchase and own the software license. Under this option, every student using the software has to own their copy.

Example: Cost of Entrepreneur for 10 students would be \$29 x 10 = \$290. Instructor License is free with minimum 4 Student Licenses.

GoVenture Product	LAB-PACK		STUDENT-PACK		Additional Notes
